

A large, high-ceilinged tent with a red and white striped canopy. The interior is carpeted in a light pinkish-red color. Numerous rectangular tables are covered with white tablecloths and surrounded by black chairs. The tables are arranged in rows, with some having red balloons as centerpieces. A central wooden support pole runs vertically through the middle of the tent. The lighting is bright, and the overall atmosphere is festive and celebratory.

# IMPORTANT NEWS

## Time to get planning & how we can help.

We understand how difficult it is to plan for future events in these uncertain times therefore for this period we are including offering a clause in our contracts to protect both you and our artistes.

If your base is under restrictions due to a command decision made for the base overall, then a no event no fee clause will apply.

This would mean any deposits held by us would be returned unless the artiste / supplier has requested a non-refundable deposit before the event. This usually applies to Marquees and Big Tops.

To make this fair to all parties, we would ask the event be relocated to a future date.

We have also installed Teams and Zoom to making meetings easier and more inclusive. Here we can share presentations with you, video, power point and upload information for you that's available to all the committee.

**With the obvious need to be cautious about Covid 19 restrictions, this brochure concentrates on outdoors events.**

## **Why Use an Entertainment Agent.....**

### **The answer is simple your peace of mind!**

By using a reputable entertainment agent to book your entertainment or event you are safe in the knowledge that should an issue occur it will be resolved.

Here's an example:-

Should your entertainer / band / act become ill and you have booked with a reputable agent, the agent will use every professional endeavour to replace the act like for like, with their extensive database of acts & trusted trading partners this does not normally present a problem. Also many acts offer agency preferable rates this can often save you money. Add to this written contracts and the agents's extensive knowledge of the industry, venues and acts and you can see why for true peace of mind it is essential to use a reputable agent.

Langford Productions are members of both major Agency Associations.

The Agents Association of Great Britain  
The National Entertainment Agents Council

Both organisations are the trade organisations for the professional agent. All members as a condition of membership are obliged to adhere to the strictest code of conduct within the industry to ensure quality delivery of professional entertainment consistently.

Langford Productions was founded by Zena Simmons & Heather Kerr-Wilbur whose experience of the industry spans over 35 years. Established in 1996 Langford Productions is now one of the busiest and most respected agencies in the country supplying artistes and events to clients all over the world as well regular suppliers to some well known British clients. A sample of which are....
